Product Description

Aluminum 6063-T5 Custom Made Anti-Fall Safety Wire Rope for Window

Product Description

This Aluminum 6063-T5 Custom Made Anti-Fall Safety Wire Rope is a specialized safety solution designed for window applications. Crafted from high-grade Aluminum 6063-T5 and stainless steel, it offers an optimal balance of strength and lightweight properties with excellent corrosion resistance for long-lasting performance.

The custom-made design allows for precise configuration to meet specific window sizes and safety requirements in both commercial and residential settings. Engineered for user-friendly installation, it can be quickly implemented by professionals or DIY users, ensuring immediate fall protection with minimal downtime.

Key Features

Material

Aluminum 6063-T5, Stainless steel

Application

Window fall protection for hotels, homes, and offices
