Product Description

# Small Aluminium Corner Joint For Anti Mosquito Screen Window Frame Connecting

## Product Overview

This small aluminum corner joint is specifically designed for connecting anti-mosquito screen window frames. Made from durable 6063-T5 primary aluminum, it provides secure corner connections while resisting corrosion and wear. The joint maintains structural integrity of window frames, effectively preventing mosquito entry.

## Key Features

- Material: 6063-T5 primary aluminum
- Durable construction resistant to corrosion
- Maintains structural integrity of window frames
- Effective mosquito prevention solution
- Customizable dimensions available
- Supports mold customization
