

## Solar Panel Mounting Aluminium Hardware Rail Connector In Modern Solar System

### Our Product Introduction

#### Basic Information

- Place of Origin: China
- Brand Name: XuanQing
- Model Number: Roof Clamp, carport clamp, ground brackets clamp
- Minimum Order Quantity: 500PCS
- Price: Negotiable
- Packaging Details: Carton Box
- Delivery Time: 10-15 work days
- Payment Terms: TT
- Supply Ability: 3000000pcs/mon

#### Product Specification

- Warranty: 1 Year
- After-sale Service: Online Technical Support
- Project Solution Capability: Graphic Design, Cross Categories Consolidation
- Application: Apartment
- Design Style: Modern
- Type: Solar Panel Mounting Aluminium Rail Connector
- Highlight: Solar Panel Mounting Aluminium Hardware, Aluminium Hardware Rail Connector, Modern Solar System Aluminium Rail Connector

## Product Description

# Solar Panel Mounting Aluminium Hardware Rail Connector In Modern Solar System

## Product Specifications

Attribute	Value
Warranty	1 Year
After-sale Service	Online technical support
Project Solution Capability	graphic design, Cross Categories Consolidation
Application	Apartment
Design Style	Modern
Type	Solar Panel Mounting Aluminum Rail Connector

## Product Description

The Aluminum Rail Connector for Solar Panel Mounting is a crucial component in modern solar energy systems. Constructed from high-quality aluminum, it offers exceptional durability and corrosion resistance. Its contemporary design not only enhances the aesthetic of solar installations but also provides secure connections between mounting rails, ensuring panel stability in various environmental conditions.

This essential component is suitable for both residential and commercial solar projects, including rooftop and ground-mounted setups, contributing to sustainable energy solutions. Custom mold options are available to meet specific project requirements.

## Key Features

**Material:** High-quality aluminum for durability and corrosion resistance

**Design:** Modern aesthetic that complements solar installations

**Function:** Secure connection for solar panel mounting rails

**Applications:** Residential and commercial solar projects

**Benefit:** Supports sustainable energy solutions

## Technical Specifications

Accessory Name	Function	Features
Rail	Support and fix solar panels	High strength and corrosion resistance
Mid clamp	Connect and fix solar panels	Aluminum alloy construction for stability
Solar clamp	Fix solar panels	High strength and corrosion resistance
Connectors	Connect various components	Improves system stability and reliability
Bases	Support the entire system	Aluminum alloy and corrosion-resistant
Aluminum nuts	Fix various components	High strength and corrosion resistance

## Product Documentation

## Manufacturer Profile

Foshan Xuanqing Company specializes in manufacturing high-quality aluminum accessories for photovoltaic systems, including custom mid clamps and side clamps. Our 4,500 square meter production facility features:

- 13 automatic production lines
- 3 standard production lines
- 36 stamping equipment units

We offer comprehensive services including product design, sampling, and production based on customer specifications. Our independent mold-making capabilities ensure fast turnaround times, high precision, and short production cycles for customized solutions.
