

Aluminium Mid Clamp End Clamps For Solar Panel Mounting Brackets System

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: XuanQing
- Model Number: Roof Clamp, carport clamp, ground brackets clamp
- Minimum Order Quantity: 500PCS
- Price: Negotiable
- Packaging Details: Carton Box
- Delivery Time: 10-15 work days
- Payment Terms: TT
- Supply Ability: 3000000pcs/mon

Product Specification

- Warranty: 1 Year
- After-sale Service: Online Technical Support
- Project Solution Capability: Graphic Design, Cross Categories Consolidation
- Application: Apartment
- Design Style: Modern
- Type: Solar Panel Mounting Aluminium Rail Connector
- Highlight: Solar Panel Mounting Aluminium Mid Clamp, Solar Panel Aluminium Mid Clamp, Aluminium Solar Panel Mid Clamp

Product Description

Aluminium Mid Clamp End Clamps For Solar Panel Mounting Brackets System

Product Specifications

Warranty	1 Year
After-sale Service	Online technical support
Project Solution Capability	Graphic design, Cross Categories Consolidation
Application	Apartment
Design Style	Modern
Type	Solar Panel Mounting Aluminum Rail Connector

Product Description

Essential mid clamp and end clamps made of high-quality aluminium hardware are crucial components for solar panel mounting bracket systems. These precision-crafted clamps offer exceptional durability and weather resistance for long-term outdoor installations.

The mid clamp and end clamps work together to securely fasten solar panels to mounting brackets, ensuring optimal stability and energy capture efficiency. Custom mold options are available to meet specific project requirements.

Key Features

Material: High-grade aluminium alloy

Function: Secure solar panels to mounting brackets

Components: Includes mid clamp and end clamps

Advantages: Weather-resistant, durable construction, reliable performance

Application: Designed for solar panel mounting bracket systems

Technical Specifications

Component	Function	Features
Rail	Support and fix solar panels	High strength and corrosion resistance
Mid clamp	Connect and fix solar panels	Aluminum alloy construction for stability
Solar clamp	Fix solar panels	High strength and corrosion resistance
Connectors	Connect system components	Enhances system stability and reliability
Bases	Support the entire system	Corrosion-resistant aluminum alloy
Aluminum nuts	Fix various components	High strength and corrosion resistance

Manufacturer Profile

Foshan Xuanqing specializes in manufacturing high-quality aluminum accessories for photovoltaic systems, including custom mid clamps and side clamps. Our 4,500 square meter production facility features:

- 13 automatic production lines
- 3 standard production lines
- 36 stamping equipment units

We offer comprehensive services including product design, sampling, and production based on customer specifications. Our in-house mold development capabilities ensure fast turnaround times, high precision, and short production cycles for customized solutions.
