Easy-To- Solar Panel Bracket Mounting Accessories For Quick Installation In Apartments

Products Description

ALUMINUM Solar Panel Mounting Aluminum Rail Connector

A solar mounting system is a device used to install and support solar panels, which can enable solar panels to make full use of sunlight for power generation. In the solar bracket system, aluminum fittings are an important component, they play the role of connecting, supporting and fixing the solar panels.

Three common aluminum accessories are rail ,mid clamp and solar clamp, there are other aluminum accessories that can also be used for the installation and maintenance of solar mounting systems, such as connectors, bases, and aluminum nuts, etc. These accessories are designed to improve the stability and reliability of the solar mounting system. This accesories are usually made of aluminum alloy, which has high strength and corrosion resistance, which can ensure that the solar panels will not be damaged or twisted.

FAQ

1. Is your company a factory or a trading company? We are a factory. Our company was established in 2014. **2. How can I get samples to check your quality?** After the price is confirmed, you can ask for a sample to check our quality. If you just need a blank sample to check the design and paper quality, we will provide the sample to you for free, as long as you can afford the delivery fee. **3. How long does the whole process take?** For non-molded custom products, the production and processing time is about 3-10 days after you place your order. We need 1 day to prepare everything, and then 2-10 days to produce. For open-molded custom products, the production processing time is about 15 days after you place your order. **4. When will I get a price?** We usually quote within 24 hours after we receive your inquiry. If you really want a price, please let us know, tell us in your email, or add us to your WeChat inquiry so that we can prioritize your inquiry. **5. What is the minimum order quantity?** MOQ = 500 pieces, better price and more quantity. **6. How does your factory do quality control?** Quality is a priority, our staff takes quality control very seriously from the beginning and each product is checked before it is packed.
