Adjust 45 Degree Sliding Door And Window Corner Joint Connector For Aluminium Profiles

Product Overview

The 45-degree sliding door and window corner joint connector is a precision-engineered component designed for seamless connection of aluminium profiles at 45-degree angles. This durable connector ensures structural integrity while allowing for precise adjustment to achieve perfect alignment, smooth operation, and effective weather sealing.

Key Features

Precision 45-degree angle connection for aluminium profiles Adjustable design for perfect alignment and sealing Made from high-quality 6063-T5 primary aluminum Enhances structural stability of door/window systems Prevents air and water leakage when properly adjusted Available in multiple height configurations Supports mold customization for specific requirements

Technical Specifications

Attribute	Value
Product Name	Aluminum Corner Joint
Material	6063-T5 primary aluminum
Color	Primary Colors
Surface Treatment	Optional aluminum surface/surface sandblasting
Warranty	3 years
Packing	Carton Box (500pcs/carton or custom)
