Product Description

OEM 6063-T5 Primary Aluminum Mirror Frame Accessories Corner Joint

Premium Corner Joint for Door & Window Design

This OEM-manufactured corner joint is designed for mirror frames, doors, and window structures, crafted from high-quality 6063-T5 primary aluminum. The alloy offers excellent corrosion resistance, moderate strength, and superior formability, making it ideal for precision architectural applications.

Key Features

- Material: 6063-T5 Primary Aluminum (high corrosion resistance)
- Precise engineering for secure frame connections
- Smooth surface finish with optional treatments
- Easy installation and versatile design compatibility
- Durable and solid construction
