

Quick Fit 45° Aluminium Corner Connector Heavy-Duty Sliding Window & Door Square Hole Fitting

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: XuanQing
- Minimum Order Quantity: 500PCS
- Price: Negotiable
- Packaging Details: Carton Box
- Delivery Time: 10-15 work days
- Payment Terms: T/T
- Supply Ability: 3000000pcs/mon

Product Specification

- Warranty: 1 Year
- After-sale Service: Online Technical Support, Onsite Training, Onsite Inspection, Free Spare Parts, Return And Replacement
- Project Solution Capability: Graphic Design, Total Solution For Projects
- Application: Hotel, home, office
- Design Style: Modern
- Product Name: Aluminum Corner Joint
- Material: 6063-T5 Primary Aluminum
- Color: Primary Colors
- Usage Scenarios: Aluminum Profile Doors And Windows
- Function: Connecting The Corner Of The Door Or Window Spelling
- Feature: Durable And Solid
- Packing: Carton Box
- Surface Treatment: Optional Aluminum Surface/surface

Product Description

Quick Fit 45° Aluminium Corner Connector Heavy-Duty Sliding Window & Door Square Hole Fitting

Key Features

- Heavy-duty 6063-T5 aluminum construction for superior strength
- Square hole design for precise alignment and secure installation
- 45° angled structure for seamless corner connections
- Enhanced weather and corrosion resistance
- Tool-free installation for efficient assembly

Product Specifications

Attribute	Value
Material	6063-T5 Primary Aluminum
Surface Treatment	Optional Aluminum Surface/Surface Sandblasting
Application	Hotel, Home, Office
Usage Scenarios	Aluminum Profile Doors and Windows
Warranty	1 Year
Packing	Carton Box

Product Description

Engineered for robust performance, the QuickFit 45° Aluminium Corner Connector is a heavy-duty solution designed to reinforce corner joints in sliding window and door systems. Constructed from high-strength aluminium alloy with superior tensile strength, this fitting ensures reliable load-bearing capacity and long-term resistance to wear, corrosion, and harsh weather conditions.

The square hole design enables rapid, tool-free alignment with compatible aluminium profiles, streamlining installation while maintaining precision and stability. Its 45° angled structure creates seamless, flush corner connections, enhancing both the structural integrity and modern aesthetic of residential, commercial, or industrial glazing systems.
