Product Description

Heavy Type Continuous Long Piano Hinges Length 1.8m Without hole Stainless Steel Hinges for Door Cabinet Furniture

Description

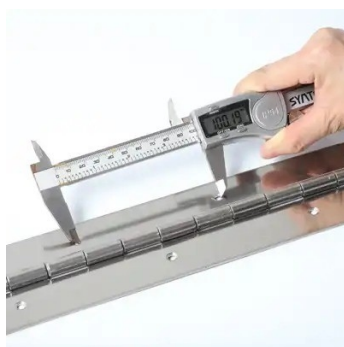

A Heavy Type Continuous Long Piano Hinge, measuring 1.8 meters in length, is a holeless stainless steel hinge engineered for doors, cabinets, and furniture. This hinge features a seamless, unbroken design that provides robust support for large fixtures, eliminating the need for pre-drilled holes to simplify installation while maintaining structural integrity. Crafted from high-grade stainless steel, it offers exceptional corrosion resistance, durability, and aesthetic appeal, making it suitable for both indoor and outdoor applications. The continuous structure ensures smooth operation and even weight distribution, ideal for heavy-duty use in residential, commercial, or industrial settings. Its holeless design enhances versatility, allowing custom drilling to match specific mounting requirements, while the stainless steel construction guarantees long-term reliability and minimal maintenance.
