

## Premium 304 Stainless Steel Circular Groove Friction Hinge Door & Window Accessories for Aluminum Windows

### Our Product Introduction

for more products please visit us on [aluminium-hardware.com](http://aluminium-hardware.com)

#### Basic Information

- Place of Origin: China
- Brand Name: XuanQing
- Model Number: SH-113
- Minimum Order Quantity: 500PCS
- Price: Negotiable
- Packaging Details: Carton Box
- Delivery Time: 10-15 work days
- Payment Terms: T/T
- Supply Ability: 3000000pcs/mon

#### Product Specification

- Warranty: 1 Year
- After-sale Service: Online Technical Support, Onsite Training, Other
- Project Solution Capability: Graphic Design, Total Solution For Projects, Others
- Application: All The Scenarios
- Design Style: Modern
- Type: Friction Stay
- Highlight: Top Hung Window Friction Stay, Stainless Steel Window Friction Stay, 14 Inch Top Hung Friction Hinge

## Product Description

Premium 304 Stainless Steel Circular Groove Friction Hinge Door & Window Accessories for Aluminum Windows

### Description

Designed for aluminum windows and doors, this high-performance friction hinge combines durability with precision engineering. Crafted from premium 304 stainless steel, it offers exceptional resistance to corrosion, rust, and daily wear, making it ideal for both indoor and outdoor applications. The circular groove design enhances friction stability, allowing smooth and silent operation while maintaining precise positioning of windows/doors at any open angle. Its robust structure ensures long-term reliability, even in high-frequency use scenarios. Engineered to meet strict quality standards, this hinge is a perfect accessory for modern aluminum window systems, delivering seamless functionality and aesthetic integration.

### Quick Details

Material: Premium 304 stainless steel

Type: Circular groove friction hinge

Application: Aluminum windows and doors

Key Features:

Corrosion-resistant & rust-proof

Smooth, silent operation with precise positioning

Durable structure for high-frequency use

Circular groove design for enhanced friction stability

Advantages:

Long-lasting performance in various environments

Easy installation and maintenance

Compatible with modern aluminum window systems

Quality Standard: Meets international durability and safety requirements

### Specification

13.5 Square slot raised four-link stainless steel upper suspension brace hinge series Installation dimension (unit :mm)

specification	A	B	E	F	G	H	I	J	K	L	M	N
